

JOTA

Jamboree on the Air

Boy Scouts of America, San Francisco Council

Saturday, October 15, 2016

YLTC – 1001 Davis St., San Leandro

9 am to 3 pm

Learn about communication via the internet and Amateur “Ham” Radio.

You will learn about the history of communications from the early days to the present. You will be able to talk to other scouts and hams around the country and maybe even the world. You’ll see how the radios and antennas are set up and get to see how we use them. It’s a great hobby and public service tool.

For Cubs, Boy Scouts, Ventures and all youth and adults in the scouting program. Bring your friends and get them interested in scouting! Please wear your uniform.

We will provide you with information and hands on excitement and fun!

For more information contact;

Randy Wright at wright-s@comcast.net or cell (work) 510 541 4943

Byron Fong at bbfong@yahoo.com

There is no charge for this event. No food will be served this year.
